#### Remarks

Pre-Construction. To be built. Welcome to this newly imagined Siesta Key residence, a world curated for those with a sophisticated palate for modern architecture at the edge of the sea. Here, light dances across water and peers through your windows blending luxury, privacy and resort-style living within the exclusive enclave of Hidden Harbor. The journey begins as you approach this designer estate—a vision of coastal modernism, 4,900 square feet under air and meticulously crafted by TDI Coastal Homes, celebrated for precision, integrity, and elegance. Clean lines and natural textures blend with lush tropical surroundings, setting the stage for a life that lives like an endless retreat. The lower level invites you to linger outdoors surrounded by the scent of the saltwater breeze and the sounds of the cascading waters of the 65-foot infinity pool and spa. A covered living space blurs the line between home and horizon. A custom waterslide arcs playfully into the pool, while beyond, your private dock with a 20,000-pound lift awaits spontaneous voyages to Roberts Bay. Ascend by elevator or sculpted staircase to the heart of the home—spaces that feel both expansive and intimate. Walls of glass reveal shimmering water views, while the Meile appliance suite anchors a chef's kitchen made
